

46th Annual

Performance Tested

Bull Sale

46th Annual

Performance Tested *Bull Sale*

Friday, March 9, 2018 • 7 pm

**Western Illinois University Livestock Center
2265 Wigwam Hollow Rd., Macomb, IL 61455**

Directions to the test station:

From the North: On Hwy. 67 at the north edge of Macomb, just before you get to the city, turn right (west) onto Tower Road at the sign that points the direction to the WIU farm. Go one mile west and turn right (north) on the first road that goes north. Go about one half mile to the top of the hill, turn right at the buildings, and the bull test station is about a quarter mile straight ahead.

From the West: From the west on Hwy. 136, turn left (north) onto Wigwam Hollow road at the first stop light (there's a Casey's at that turn). Follow Wigwam Hollow Road north through two curves and you'll come to a T intersection with Tower Road. Turn right (east) and then go back to the north at the first road to the north (about 100 yards). Go about one half mile to the top of the hill, turn right at the buildings, and the bull test station is about a quarter mile straight ahead.

From the East on South: Come into Macomb on either Hwy. 136 or 67 (they join at the east edge of Macomb and become Jackson St.), and follow Jackson through Macomb until Highway 67 splits to the north. Go north on Hwy. 67 past the Highway Patrol Station to Tower Road at the very north edge of Macomb. Turn left (west) at the sign that points the direction to the WIU Farm. Go one mile west and turn right (north) on the first road that goes north. Go about one half mile to the top of the hill, turn right at the buildings, and the bull test station is about a quarter mile straight ahead.

Sale Day Phones

Keela Trennepohl 805-440-8421
Delson Wilcoxon 309-338-1724

Auctioneer

Monte Lowderman 309-255-0110
Lowderman Auction Service 309-833-5543

Faculty

Dr. Keela Trennepohl,
Assistant Professor & Bull Test Manager
Delson Wilcoxon, *Beef Operations Manager*
Dr. Andy Baker, *School of Agriculture Director*
Dr. John Elfrink,
Interim Dean College of Business and Technology

Bull Test Student Employees

Eli Weller and Katie Miller

Acknowledgements

Employees: Nathan Yaks, Becca Wegs, Lindsay O'Hara, and Maribeth Patterson

Bull Preparation: Ben Markegard, Kyle Livingston, Avery Bennett, Kip Wallace, Dalton Humphrey, Roxie Newell, Emily Reif, Chase Taylor, Cody Dawson, and Easton Beard

Bull test management thanks all additional students who assisted to make the bull sale a success!

Veterinary Staff

Dr. John Schar

Sale Schedule

Bulls on display 3 p.m.
Buyer Registration 5 p.m.
Sale 7 p.m.

Sale Dinner

The Sigma Alpha sorority will be operating a food stand from 5 p.m. until completion of the sale.

Bidding

Bidding will be by number. The auctioneer will settle and render a final decision on any disputes pertaining to bidding.

Internet Bidding

www.DVAuction.com
Tech Support 402-316-5460

Please Note: High-speed Internet access (DSL, T-1, or Broadband) is required to be able to bid successfully during the sale. If you have any questions, please contact DVAuction at (402) 316-5460.

Absentee Bids

If you are unable to attend the sale and would like to place a bid, please contact Keela Trennepohl or Monte Lowderman at the listed numbers. All bids will be handled professionally and with confidence.

Sale Videos

Sale videos can be viewed prior to the sale from your computer or smart phone at www.dvauction.com/video_catalogs/3333.

EPDs

The EPDs listed in the sale book were obtained from the American Angus Association, American Simmental Association, American Int. Charolais Association and Red Angus Association of America and are current as of 02/23/18.

Sale Terms

Terms of sale are cash. **CHECKS SHOULD BE MADE PAYABLE TO THE LOWDERMAN AUCTION SERVICE.** All bulls must be paid for at the sale and before loading. All bulls are the buyer's risk as soon as sold. Announcements made from the auction block will take precedence over the printed material in this catalog.

Contract

The previous terms and guarantee shall constitute a contract between the buyer and the seller.

Loading

Bulls will be available to load out at the conclusion of the sale. Arrangements may be made to pick up the bull at a later date by contacting the station staff. Bulls will be housed and cared for by WIU bull test for up to 48 hours after the sale without additional charge.

Insurance

Insurance may be obtained from representatives at the sale.

Health

All bulls were tested for brucellosis within 30 days of the sale. Additional health papers, acceptable in any state, will be furnished at the expense of the buyer. All bulls met the health requirements established by the test veterinarian, test advisory committee, and test coordinator before coming on test and their dams tested free of Johnes. All bulls were tested negative for persistently infected (PI) BVD.

Breeding Guarantee

All animals sold are guaranteed by the seller to be breeders. Bulls are guaranteed as long as they are properly cared for. Any bull that settles at least one-third of healthy cows he breeds will be considered a breeder. Should any bull not prove to be a satisfactory breeder within one year of the sale, the seller reserves the right, for a period of six months, to prove the bull a satisfactory breeder. Should the bull fail to prove a satisfactory breeder in the specified time period, the seller will refund the full settlement in satisfaction of all claims. Complaints must be reported in writing to the seller within one year of sale.

Registry and Transfer

Registration papers will be transferred to the buyer at the seller's expense.

Animal Health, ID and Nutritional Products

AllFlex USA, Boehringer Ingelheim; Multimin; Zoetis; VitaPlus

Liability

All persons in attendance of the sale do so at their own risk. Western Illinois University and its employees assume no liability, legal or otherwise, for accidents which may occur.

Bull Test Operation & Data Collected

FACILITIES: The bulls were housed in straw and stalk bedded 28' x 80' pens with a 28' x 28' shelter open to the south with a maximum of 13 bulls per pen.

TESTING PERIOD: The bulls began their 112-day test on October 19, 2017 after a 21-day adjustment period and came off of test on February 8, 2018.

RATION: Bulls were fed a complete pellet with a N_{Eq} of 0.503 Mcal/lb and 13% CP. The ration consisted of 73% highly digestible fiber sources (wheat middlings, soyhulls, and cottonseed hulls), 22% corn, and a vitamin-mineral premix with rumensin. Please note this is a significant change from past years and was developed by VitaPlus and Dr. Keela Trennepohl.

ON/OFF TEST WEIGHTS: Weights are the average of two consecutive weights taken at the beginning and end of the bull test.

ADG: Average Daily Gain over the entire test period.

WDA: Weight per Day of Age epress in lbs. of daily weight gain over the animals lifetime.

INDEXES: Calculated as 70% ADG + 15% REA + 15% IMF. An overall index across all breeds was calculated to compare their performance across breeds. A within breed index was calculated as well.

FRAME SCORE: Based on hip height and age at hip height measurement using the BIF guidelines.

SCROTAL CIRCUMFERENCE: Measured in centimeters and adjusted using BIF guidelines. This trait is correlated to the bull's semen producing ability as well as the fertility and age of puberty of his offspring.

RUMP FAT & BACK FAT: Fat thickness in inches at the rump and between the 12th and 13th ribs measured using real-time ultrasound and adjusted using breed association and BIF guidelines. Note that some breeds do not report rump fat.

RIBEYE AREA: Ribeye area in square inches between the 12th and 13th ribs measured using real-time ultrasound and adjusted using breed association and BIF guidelines. Ratios expressed as within breed ratios.

MARBLING: Marbling score estimated using real-time ultrasound and adjusted using breed association guidelines. Adjusted percent intramuscular fat is converted to a potential quality grade using BIF guidelines. Ratios expressed as within breed ratios.

GENETIC DEFECTS: All bulls in the sale are free of known genetic defects at the time of test registration, excluding the Developmental Duplication (DD) and Oculocutaneous Hypopigmentation (OH) conditions.

EPD Definitions

Production, Maternal, and Carcass EPDS are listed for all breeds. — Indices are breed specific
EPDs as printed in the catalog should only be compared within breed. They are not representative of across breed EPDs.

Production EPDs

CE/CED — Calving Ease Direct predicts the average difference in ease with which a sire's calves will be born when he is bred to first-calf heifers, with a higher value indicating greater calving ease.

BW/Brth — Birth weight expressed in pounds, is a predictor of a sire's ability to transmit birth weight to his progeny compared to that of other sires.

WW — Weaning Weight expressed in pounds, is a predictor of a sire's ability to transmit weaning growth to his progeny compared to that of other sires.

YW — Yearling Weight EPD expressed in pounds, is a predictor of a sire's ability to transmit yearling growth to his progeny compared to that of other sires.

SC — Scrotal Circumference EPD expressed in centimeters, is a predictor of the difference in transmitting ability for scrotal size compared to that of other sires.

Maternal EPDs

Milk — Maternal Milk — A predictor of a sire's genetic merit for milk and mothering ability as expressed in his daughters compared to daughters of other sires.

Carcass EPDs

Fat/BF — Fat Thickness expressed in inches, is a predictor of the differences in external fat thickness at the 12th rib of a sire's progeny compared to progeny of other sires.

Marb — Marbling expressed as a fraction of the difference in USDA marbling score of a sire's progeny compared to progeny of other sires.

RE/REA — Ribeye Area EPD expressed in square inches, is a predictor of the difference in ribeye area of a sire's progeny compared to progeny of other sires.

Indices

Simmental

API — All Purpose Index Dollars per cow exposed under an all-purpose-sire scenario. Evaluates sires for use on the entire cow herd (heifers and mature cows) with the portion of their daughters required to maintain herd size retained and the remaining heifers and steers put on feed and sold grade and yield.

TI — Dollars per cow exposed under a terminal-sire scenario. Evaluates sires for use on mature cows with all offspring put on feed and sold under grade and yield.

Red Angus

GM — Grid Master — An index considering Red Angus bulls mated to cows and all progeny sold on a quality-based grid. Expressed in differences in profitability/exposure.

HB — Herd Builder — An index considering Red Angus bulls mated to cows and heifers where heifers will be retained from the herd for replacement and all remaining progeny will be sold on a quality-based carcass grid. Expressed in differences in profitability per exposure.

Angus

\$W — Weaned Calf Value — An index value expressed in dollars per head, is the expected average difference in future progeny performance for preweaning merit. \$W includes both revenue and cost adjustments associated with differences in birth weight, weaning direct growth, maternal milk and mature cow size.

\$B — Beef Value — An index value expressed in dollars per head, is the expected average difference in future progeny performance for postweaning and carcass value compared to progeny of other sires.

Charolais

TSI — Combines BWT, WWT, YWT, REA, HCW, MARB and FAT EPDS into one single value on which to base selection decisions. The TSI uses estimates of the genetic relationships between traits with an economic default value based on three year rolling USDA data. It represents a dollar index per terminal progeny produced for a bull, ranking them on potential profit.

Sale Video Preview

Sale videos and pedigrees can be viewed prior to the sale from your computer or smart phone at www.dvauction.com/video_catalogs/3333, or by visiting www.wiu.edu/cbt/agriculture/bull_test/.

Watch and Bid Online

DVAuction
Broadcasting Real-Time Auctions

We are pleased to offer the sale broadcast "live" over the internet through DVAuction. To watch or bid online, visit www.dvauction.com, to register and apply for bidding prior to the sale. If you have any questions, please call DV Auction at 402-316-5460 or 402-474-5557 or via email at support@dvauction.com.

After the sale, buyers should contact Dr. Keela Trennepohl to arrange payment and delivery of your purchase(s).

Please Note: High-speed Internet access (DSL, T-1, or Broadband) is required to be able to bid successfully during the sale. If you have any questions, please contact DVAuction at (402) 316-5460.

Ken Nimrick Scholarship Endowment

Ken Nimrick was with the WIU School of Agriculture from 1998 - 2012 and managed the WIU Bull Test from 2003 - 2012. He was known for his positive attitude, strong work ethic, leadership, and ability to interact with students. If you had the pleasure of learning or working with him, you understand the profound impact he made. Following his passing in 2016, the School of Agriculture and the Nimrick family established a scholarship in his honor.

Please help us keep his legacy alive to benefit leathernecks for years to come. Donations will be accepted at the sale in 2018 at the buyer registration table.

Ken & Sara Nimrick

Breed Average EPDs

| | # of bulls selling | CED | BW | WW | YW | Milk | Maternal Type Index | Terminal Type Index |
|-------------|--------------------|------|-----|------|------|-----------|---------------------|---------------------|
| Angus | 26 | 6 | 1.4 | 50 | 89 | 24 | 46.4 (\$W) | 111.6 (\$B) |
