Unless it is an emergency, only absences approved in advance will be excused. It is at the discretion of the instructor as to whether an absence is excused or unexcused.

## HOMEWORKS & GROUP PROJECT

Students as groups (of approximately four) will self-select a commodity to follow for the semester. Groups will prepare reports/presentations addressing the class exercise questions listed at the end of chapters in the Rhodes, Dauve, and Parcell text *The Agricultural Marketing System*. Other homework assignments will be individual tasks assessing comprehension of key concepts. Assignments are due at the beginning of class. Assignments will not be accepted after the problem set has been discussed in class.

## EXAMS

There will be two tests and one **comprehensive** final exam. Exams will consist of multiple choice, short answer, and problem solving questions. Makeup exams will only be given in extreme situations.

If a student disagrees with a particular answer, it is the student's responsibility to provide a logical reason in writing as to the reason for their disagreement. This does not apply to scoring errors. All instructors are human and occasional errors in grading will occur. Please bring any such errors to the instructor's attention immediately.
