

Infant & Toddler News

Week of 10-21-2024

*“Our Brains are Built to Benefit from Play
No Matter What our Age!”*

-Theresa A. Kestly

**Coloring with our
Crayons!**

**Counting the Orange
Circles**

**Collecting
Orange Items to
Place inside our
Bag**

Standard: Children demonstrate the ability to coordinate their small muscles in order to move and control objects.

Exploring the Chalk on our Playground

Pretending to Ring the Doorbell

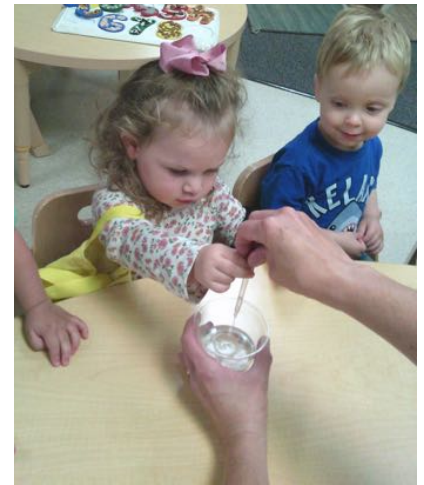

Discovering the Dump Trucks

More Orange Items to Place in our Orange Bag

Exploring Water and the Eye Dropper

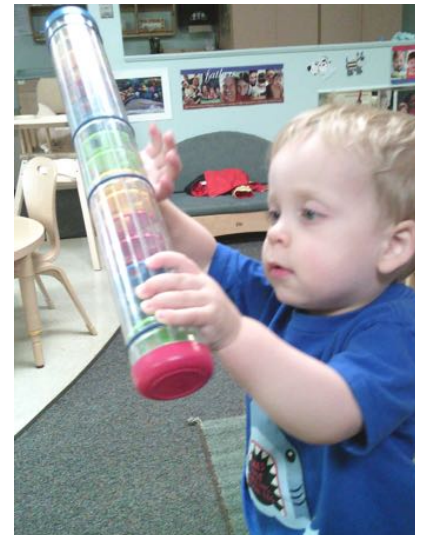

Standard: Children demonstrate interest and eagerness in learning about their world.

Can We Create the Color Orange with Water Drops?

Here We Placed Several Drops of Water onto a Piece of Paper that had a Little Bit of Powdered Kool-Aid. When the Color Turned to Orange One of our Students Proclaimed our Picture “Looked Like a Dinosaur!”

Exploring the Musical Cylinders and Talking About the Colors that We See

Using Our Muscles to Squeeze Drops of Glue

Using Problem Solving Skills to Put Together Puzzle Pieces

Standard: Children attempt a variety of strategies to accomplish tasks, overcome obstacles, and find solutions to tasks, questions, and challenges.

*Thanks
for A
Great Week!*
