

PHOTOCOPIES

Malpass Library does not have a public photocopier. Instead we have free touch-screen scanners that allow images to be e-mailed or saved.

Scanners are located:

- On the second (main) level, between the Access Services and Reference Desks.
- On the first level, in the Digital Commons

Photocopies can still be made on the first level, in the Digital Commons.

- Copying is done by the staff.
- Price is 25 cents per copy
- Exact change is required.
